Index of Authors

Abdussalam, M., 614.
Adler, H. E., 655, 731.
Akiyama, Yutaka, 147.
Alder, H. L., 909.
Alexander, Aaron D., 708.
Allen, R. S., 756.
Amerault, T. E., 279.
Anderson, W. A., 5.
Andriese, P. C., 932.
Appleton, George S., 942.
Armstrong, James, 771.
Arnold, J. P., 229.
Asahi, Okimasa, 147.
Ashdown, R. R., 543.
Atwood, Max B., 817.
Aunan, W. J., 491.
Awad, F. I., 703.

Baisden, Louis A., 546.
Baker, J. A., 530.
Baker, Norman F., 142, 295.
Bankowski, R. A., 109, 743.
Bell, J. Frederick, 167.
Bell, R. R., 292.
Benson, Richard E., 427.
Biddle, E. S., 405.
Blake, J. T., 756.
Bletner, J. K., 200.
Blobel, Hans, 579.
Blore, I. C., 303.
Bolin, D. W., 330.
Bond, Jillian M., 449.
Borella, Henry M., 634.
Boucher, Wm. B., 584.
Bowman, George W., 569.
Bracken, Frank K., 76.
Brock, W. E., 625.
Brodey, Robert S., 158.
Brody, Samuel, 97.
Burge, Gloria J., 97.
Burnside, Joseph E., 817.
Bustad, L. K., 338, 631.

Cabasso, V. J., 310, 414, 668.
Calhoun, M. Lois, 396.
Callis, J. J., 688.
Camp, LaVerne B., 798.
Carll, Walter T., 817.
Carlson, R. G., 560.
Carter, G. R., 210, 437.
Casida, L. E., 171.
Cauthen, Geo. E., 608, 612.
Chalberg, Chester, 687.
Chang, P. W., 400.
Clark, D. S., 204.
Clarkson, Thomas B., 187.
Cohen, Bennett J., 687.
Cornelius, Charles E., 369.
Cover, M. S., 405.
Cox, G. E., 929.
Cox, H. R., 414.
Cunningham, Chas. H., 648.

Jones, E. W., 625.
Jones, N. D., 536.
Jungherr, E. L., 717, 720.
Jungk, Norman K., 121, 126.

Kakavas, J. C., 661.
Kaplan, William, 798.
Karstad, Lars, 162.
Kase, Alice, 207.
Kato, Taemon, 216.
Kendrick, J. W., 246.
Kenzy, S. G., 76.
Kiggins, E. M., 575.
King, J. Stanton, Jr., 187.
Kitchell, R. L., 229, 491.
Kohn, A., 390.
Kume, Seiji, 912.

Lackman, David B., 947.
Larsen, Aubrey B., 546.
Lasmanis, J., 778.
Leader, R. W., 183.
Lee, G. G., 740.
Lee, K. M., 530, 952.
Leidl, W., 461.
Leland, S. E., Jr., 133, 317, 792, 851.
Levy, Helen E., 556.
Lindquist, William D., 119, 508.
Love, Gary J., 672.
Lovell, James E., 873.
Luedke, A. J., 502.
Luginbuhl, R. E., 717, 720.
Lushbaugh, C. C., 345.

MacVicar, Robert, 625.
Madden, P. A., 257.
Madin, S. H., 246, 932.
Malewitz, Thomas D., 396.
Manthei, C. A., 279.
Marchwicki, Ruth, 708.
Martin, John E., 158.
Martin, W. H., 257.
Marucci, Americo Alvin, 785.
McClure, H. Elliott, 207.
McGowan, Blaine, Jr., 310.
McKercher, D. G., 246, 310.
McNutt, S. H., 53, 171, 241, 579.
Menges, Robert W., 672.
Merkal, Richard S., 546.
Miller, V. A., 326.
Monlux, A. W., 5.
Morris, Meredith J., 546.
Morrison, S. M., 705.
Mossberg, D. P., 491.
Moulton, J. E., 246, 731.
Mundt, J. O., 93.
Munro, D. A., 735.
Murakami, Hajime, 216.
Murdock, Fred M., 121, 126.
Murphy, L. W., 491.

Neher, George M., 101.
Newberne, James W., 191.

Oglesby, W. T., 556.
Oishi, Junichi, 216.
Okazaki, William, 219.
Olds, Durward, 587, 603.
Olson, C., 303.
Olson, N. O., 200, 735.
Ott, Richard L., 375.

Pallesen, D., 511.
Panetsos, A. G., 214.
Phillips, Mary G., 761.
Piasteridge, W. N., 575.
Poelma, L. J., 86.
Pomerat, C. M., 473.
Pope, L. S., 625.
Poppensiek, G. C., 688.
Pritchard, W. R., 560.

Raggi, L. G., 740.
Ramge, J. C., 43.
Rao, C. Krishna, 441.
Reber, Elwood F., 342.
Reece, Ralph P., 261.
Reich, C. V., 502.
Reyniers, James A., 678.
Ringen, Leif M., 76, 219.
Ristic, M., 764, 924.
Roberts, G. I., 310.
Robertstad, Gordon W., 705.
Roby, T. O., 257.
Roepke, Martin H., 550.
Rooney, James R., II, 67, 283.
Rose, Joseph E., 550.
Rosenfeld, Irene, 693.
Ross, F. K., 204.

Sabban, M. S., 618.
Sabina, Leslie R., 466.
Saito, J. K., 310.
Sanders, D. A., 764, 924.

Sanger, V. L., 43.

Smith, D. L. T., 825.
Smith, William W., 672.
Songer, J. R., 362.
Spalding, John F., 345.
St. Clair, L. E., 536.
Stebbins, M. R., 414, 668.
Stoenner, Herbert G., 947.
Stowe, C. M., 511.
Stuart, E. E., 109.
Stula, E. F., 575.
Sumner, F. W., 717, 720.
Swanson, E. W., 93.
Swanson, L. E., 747.

Tarlatzis, C. B., 214.
Tessler, J., 688.
Thompson, Samuel W., II, 698, 886, 895.
Throop, Ben T., 93.
Todd, A. C., 519, 956.
Torbert, Betty J., 556.
Torrey, J. P., 112.
Trueblood, M. S., 445.
Tucker, J. O., 445.
Turk, R. D., 180.

Ueki, Hideto, 216.
Uglialoro, A., 909.
Underdahl, Norman R., 466

VanDemark, N. L., 587, 603.

Wade, A. E., 747.
Walker, E. C., 575.
Warnock, Nelta H., 187.
Watkins, J. R., 409.
Weakley, C. E., Jr., 200.
Weber, Alvin F., 761.
Weiss, Margaret E., 642.
Werner, Georges H., 954.
Wexler, Bernard C., 642.
Wheat, John D., 369.
White, F. H., 764, 924.
White, Philip G., 942.
Wilkinson, W. S., 665.
Williams, Fletcher P., Jr., 419, 429.
Williams, J. E., 432.
Williams, L. F., 575.
Wright, George G., 771.
Wyand, Donald S., 761.
Wyant, Z. N., 133, 317, 792, 851.

Yamamoto, R., 655.
Yates, Vance J., 657.
Yaw, Katherine E., 661.
Young, George A., 466.
Young, Robert J., 427.

Zahawi, Showket Al, 861.
Zinober, M. R., 112.

Index of Subjects

A

Abdominal Wall of Cattle, Experimental Studies of the Innervation of the, 229.
Abortion in Sheep, Vibrionic. I. Transmission and Immunity, 326.
Adrenal Stimulant in Dogs, The Use of a Bacterial Polysaccharide (Piromen) as a Pituitary—, 642.
African Swine Fever, Blood Changes in Swine with, 484.
African Swine Fever, Persistence of Viremia and Immunity in, 811.
Age of Susceptibility of Nonvaccinated Cattle to Brucella Abortus, Relationship of, 279.
Agglutinating Antigens of Vibro Fetus Variants, The Characteristics of. I. Effects of Heat and Formalin on Serological Activity, 764.
Agglutination Test for Bovine Brucellosis, An Acidified Antigen for Detection of Nonspecific Reactions in the Plate-, 550.
Agglutinins in Cattle Serum, The Presence of Leptospira Sejroe, 50.
Alkaloids in Veterinary Toxicology, Isolation and Identification of Strychnine and Other, 929.
Alum-Precipitated Protective Antigen or Spore Vaccine, Immunization of Cattle Against Experimental Anthrax with, 771.
American Strains of Bluetongue Virus, The Development of a Modified Live Virus Vaccine Employing. Studies on Bluetongue. III, 310.
Anaplasma-Infected Cattle as Shown by Calf Inoculation, The Infectivity of Blood from, 257.
Anaplasma Marginale by Means of Fluorescein-Labeled Antibody, Detection of, 924.
Anaplasmosis and Eperythrozoonosis in Splenectomized Cattle, Interference Between, 556.
Anthrax with Alum-Precipitated Protective Antigen or Spore Vaccine, Immunization of Cattle Against Experimental, 771.
Antibiotics, A Comparison of Levels of, Infectious Synovitis Control. II, 200.
Antibiotics and Chemical Drugs on the Growth in Vitro of Aspergillus Fumigatus, The Effects of Some, 214.
Antibiotics on Vibrio Fetus and Bovine Spermatozoa, Effects of, 86.
Antibody, Detection of Anaplasma Marginale by Means of Fluorescein-Labeled, 924.
Antigen, and Virulence in Mouse Brains Inoculated with Rabies Street Virus, Observations of the Time of Appearance of Negri Bodies, Complement-Fixing, 216.
Antigen for Detection of Nonspecific Reactions in the Plate-Agglutination Test for Bovine Brucellosis, An Acidified, 550.
Antigen in the Complement-Fixation Test, Heat-Inactivated Vesicular Stomatitis Virus as, 688.
Antigen or Spore Vaccine, Immunization of Cattle Against Experimental Anthrax with Alum-Precipitated Protective, 771.
Antigenic Characteristics and Colonial Variants, Identification of. Studies on Pasteurella Multocida. II, 210.
Antigens of Vibro Fetus Variants, The Characteristics of Agglutinating. I. Effects of Heat and Formalin on Serological Activity, 764.
Antipyrine Space in Dairy Cattle, The Effect of Environmental Temperature on Blood Volume and the, 97.
Aqueous Humor of Chickens as a Reservoir for the Virus of Newcastle Disease, Further Studies with the, 204.
Arthritis in Chicken Embryos Caused by a Pleuropneumonia-like Organism, Pathogenesis of, 731.
Arthritis in Swine, Studies on. III. The Influence of Desoxycorticosterone in Normal and Arthritic Swine Due to Erysipelothrix Infection, 101.
Ascaris Lumbricoides, The Use of Low Level Piperazine on Pigs Experimentally Infected with, 119.
Ascaris Lumbricoides, The Use of Low Level Piperazine on Pigs Naturally Infected with, 508.
Aspergillus Fumigatus, The Effects of Some Antibiotics and Chemical Drugs on the Growth in Vitro of, 214.
"Atomized" Distemper Vaccine of Avian Origin. I. Experimental Immunization of Ferrets and Mink, 414.
"Atomized" Distemper Vaccine of Avian Origin. II. Field Experience in Mink, 668.
Avian Encephalomyelitis, Studies on. I. Egg Adaptation of the Virus, 717.
Avian Encephalomyelitis, Studies on. II. Flock Survey for Embryo Susceptibility to the Virus, 720.
Avian Origin, "Atomized" Distemper Vaccine of. I. Experimental Immunization of Ferrets and Mink, 414.
Avian Origin, "Atomized" Distemper Vaccine of. II. Field Experience in Mink, 668.

B

Bacteria in Milk Samples from a Single Dairy Herd After Twelve Years of Mastitis Control, Distribution of Micrococci and Other, 778.
Bacterial Flora of the Respiratory Tract of Chickens Affected with Chronic Respiratory Disease, The, 405.
Bacterin, An Emulsion-Type Erysipelas. I. Duration of Immunity in Pigs Vaccinated at Weaning, 121.
Bacterin, An Emulsion-Type Erysipelas. II. Duration of Immunity Following Vaccination of Newborn Pigs, 126.
Benzathine Penicillin V in Cattle, Parenteral, 584.
Beta Radiation, The Natural Protection of Sheep from External, 345.
Bile, and Urine, Chronological Levels of Drug in Blood Serum. The Metabolism of Phenothiazine, N. F., in Dairy Calves. II, 522.
Bile Flow of the Cockerel, A Comparison of the Effect of Gallogen and Sulfarlem on the Normal, 187.
Biology and Medicine, The Production and Use of Germ-Free Animals in Experimental, 678.

Birds, The Occurrence of Certain Enterobacteriaceae in, 207.
(Blackhead) of Turkeys, Furazolidone for Infectious Enterohepatitis, 174.
Bloat Therapy and Prophylaxis, and the Resulting Influence of Rumen Fluid Characteristics, Effectiveness of Various Measures in, 756.
(Bloch) Infections in Calves, Pathological Changes Associated with Dictyocaulus Viviparus, 747.
Blood Alterations Caused by Enterohepatitis, The Normal Hematological Picture of Turkey Poults and, 396.
Blood Changes in Swine with African Swine Fever, 484.
Blood Constituents in Suffolk Ewes and Lambs, 338.
Blood from Anaplasma-Infected Cattle as Shown by Calf Inoculation, The Infectivity of, 257.
Blood Serum, A Modified Assay for Vitamin B_{12} in Swine, 481.
Blood Serum, Bile, and Urine, Chronological Levels of Drug in. The Metabolism of Phenothiazine, N. F. in Dairy Calves, II, 522.
Blood Serum of the Dog, Determination of Maltase Activity in the, 638.
Blood, The Correlation Between Packed Cell Volume and Erythrocyte Number in Canine, 909.
Blood, The in Vitro Growth of Hog Cholera Virus in Cells of Peripheral, 502.
Blood Volume and the Antipyrine Space in Dairy Cattle, The Effect of Environmental Temperature on, 97.
Bluetongue, Studies on. III. The Development of a Modified Live Virus Vaccine Employing American Strains of Bluetongue Virus, 310.
Botulism in Milk, A Polyvalent Toxoid for, 167.
Bovine and Porcine Strains from Various Parts of the World, A Serological Survey of. Studies on Pasteurella Multocida. III, 437.
Bovine Brucellosis, An Acidified Antigen for Detection of Nonspecific Reactions in the Plate-Agglutination Test for, 550.
Bovine Female Genitalia, The Behavior of Spermatozoa in Luminal Fluids of, 603.
Bovine Kidney Cell Culture, Cultivation and Cytopathogenicity of Newcastle Disease Virus in Hela and, 743.
Bovine Leptospirosis, Experimental, 43.
Bovine Leptospirosis, Studies on. III. Isolation of Leptospira Pomona from Surface Waters, 76.
Bovine Mammary Gland, Studies of the Incidence and Morphology of Accessory Glandular Tissue in the Teat Canal of the, 761.
Bovine Mucosal Disease, Enhancement of Listeriosis in Sheep with Material from, 303.
Bovine Mucosal-Type Disease, Pathology of a, 283.
Bovine Penis, An Abnormality of the, 543.
Bovine Rhinotracheitis—A Newly Recognized Virus Disease of Cattle, Infectious, 246.
Bovine Rhinotracheitis, Infectious, 530.
Bovine Serum, Paper Electrophoresis of, 67.
Bovine Spermatozoa, Effect of Antibiotics on Vibrio Fetus and, 86.
Bovine Uterus, Histopathological Alterations of the. I. Studies with Vibrio Fetus, 53.
Bovine Uterus, Histopathological Alterations of the. II. Uterine Tissue from Cows of Low Fertility, 241.
Bovine Vibrio Fetus Infection, Observations on Experimental, 579.
Brain with Listeria Monocytogenes, Studies on the Mechanism of Infection of the, 147.
Brains Inoculated with Rabies Street Virus, Observations of the Time of Appearance of Negri Bodies, Complement-Fixing Antigen, and Virulence in Mouse, 216.
Broilers and Caponettes, Immunity Study of Three Types of Newcastle Disease Vaccine for, 400.
Bromsulphalein Clearance in the Horse—A Quantitative Liver Function Test, 369.
Bronchitis Vaccines, Relationship Between Immunity and Serum-Neutralization Titers in Chickens Inoculated with Three Infectious, 740.
Bronchitis Virus, Symposium on Immunization Against Infectious. I. Some Basic Properties of Infectious Bronchitis Virus, 648.
Brucella Abortus, Relationship of Age to Susceptibility of Nonvaccinated Cattle to, 279.
Brucella Isolated from the Desert Wood Rat, Neotoma Lepida Thomas, A New Species of, 947.
Brucellosis, An Acidified Antigen for Detection of Nonspecific Reactions in the Plate-Agglutination Test for Bovine, 550.
Bull, Normal Development of the Germinal Epithelium and Seminiferous Tubules in the, 261.
Bulls, Isolation of Vibrio Fetus from, 575.

C

Cadmium Anthranilate, and the Piperazine Compounds for the Removal of Oxyurids in Mice, An Evaluation of the Efficacy of Stylomycin Phenothiazine, 429.
Calf Inoculation, The Infectivity of Blood from Anaplasma-Infected Cattle as Shown by, 257.
Calves, Low Level Phenothiazine Administration to Weaned Beef, 612.
Calves, Pathological Changes Associated with Dictyocaulus Viviparus (Bloch) Infections in, 747.
Calves, The Metabolism of Phenothiazine, N. F., in Dairy. I. Chronological Distribution of Drug in Digestive Tract Contents, 519.
Calves, The Metabolism of Phenothiazine, N. F., in Dairy. II. Chronological Levels of Drug in Blood Serum, Bile, and Urine, 522.
Calves, The Metabolism of Phenothiazine, N. F., in Dairy. III. Chronological Levels of Drug in Liver, Kidney, Spleen, and Mesenteric Lymph Nodes, 526.
Calves, The Metabolism of Phenothiazine, N. F., in Dairy. IV. Chronological Total Drug Recovery, 527.
Calves, Weight Gain in Phenothiazine-Treated, 608.
Canary Infected with a Strain Variant Canary Pox Virus, Comparative Histopathology of Skin Reactions in the Chicken, Turkey, and, 183.
(Cancer Eye) in Cattle, The Diagnosis of Squamous Cell Carcinoma of the Eye, 5.
Canine Blood, The Correlation Between Packed Cell Volume and Erythrocyte Number in, 909.
Canine Filariasis, Chemotherapy of, 912.
Caponettes, Immunity Study of Three Types of Newcastle Disease Vaccine for Broilers and, 400.
Carcinoma of the Eye (Cancer Eye) in Cattle, The Diagnosis of Squamous Cell, 5.
CATS
See also FELINE
Cattle Against Experimental Anthrax with Alum-Precipitated Protective Antigen or Spore Vaccine, Immunization of, 771.
Cattle as Shown by Calf Inoculation, The Infectivity of Blood from Anaplasma-Infected, 257.
Cattle Caused by Eating Moldy Corn, A Disease of Swine and. II. Experimental Production with Pure Cultures of Molds, 817.
Cattle, Direct Complement Fixation for Detection of Foot-and-Mouth Disease Antibody in Serums from Experimentally Infected, 785.
Cattle, Experimental Studies of the Innervation of the Abdominal Wall of, 229.
Cattle in Indiana, The Pathology of Virus Diarrhea of, 560.
Cattle in North Carolina, A Survey of the Gastrointestinal Parasites of, 292.
Cattle in Tissue Culture, Propagation of Viral Diarrhea Virus of, 952.
Cattle, Infectious Bovine Rhinotracheitis—A Newly Recognized Virus Disease of, 246.
Cattle, Interference Between Anaplasmosis and Eperythrozoonosis in Splenectomized, 556.
Cattle, Keys to the Identification and Differentiation of the Immature Parasitic Stages of Gastrointestinal Nematodes of, 81.
Cattle, Methods of Injecting Tuberculin in, 546.
Cattle, Parenteral Benzathine Penicillin V in, 584.
Cattle, Physiological Aspects of Fluids in Female Genitalia with Special Reference to, 587.
Cattle Serum, The Presence of Leptospira Sejroe Agglutinins in, 50.
Cattle, Studies on the Pharmacology of Sulfaquinoxaline in Dairy, 511.
Cattle, The Cheek Teeth of, 536.
Cattle, The Diagnosis of Squamous Cell Carcinoma of the Eye (Cancer Eye) in, 5.
Cattle, The Effect of Environmental Temperature on Blood Volume and the Antipyrine Space in Dairy, 97.
Cattle, The Endogenous Development of Eimeria Zurnii, a Pathogenic Coccidium of, 569.
Cattle to Brucella Abortus, Relationship of Age to Susceptibility of Nonvaccinated, 279.
Cattle, Virulence of Leptospira Pomona in Hamsters and, 35.
Cecum or Feces of Swine, Experimental Infections of the Genital Tract of Swine and Goats with Trichomonas Foetus and Trichomonas Species from the, 461.
Cell Carcinoma of the Eye (Cancer Eye) in Cattle, The Diagnosis of Squamous, 5.
Cell Culture, Cultivation and Cytopathogenicity of Newcastle Disease Virus in Hela and Bovine Kidney, 743.
Cell Volume and Erythrocyte Number in Canine Blood, The Correlation Between Packed, 909.

(CELO) Virus, Observations on a Chicken Embryo Lethal Orphan, 657.
Cheek Teeth of Cattle, The, 536.
Chicken Embryo Lethal Orphan (CELO) Virus, Observations on a, 657.
Chicken Embryo, The Cultivation of Sheep Pox Virus on the Chorioallantoic Membrane of the Developing, 618.
Chicken Embryo Tissue Cultures, Neutralization and Titration of Newcastle Disease Virus in, 390.
Chicken Embryos, A Simple Technique for the Inoculation of the Chorioallantoic Membrane of, 691.
Chicken Embryos Caused by a Pleuropneumonia-like Organism, Pathogenesis of Arthritis in, 731.
Chicken, Surgical Technique for the Exteriorization of the Ureters of the, 665.
